If you are interested in historic vehicles, please come along and meet the Club Members.

You do not have to have a vehicle, nor are you restricted to a particular age, type or make. Nor do you need to know anything about how they work, the Club Members range from total novices through to time-served mechanics and engineers.

Our Members have a wide variety of vehicles -from the 1920s to the 1980s; British and foreign.

The Club offers a friendly diverse group of car enthusiasts; activities and entertainment; and plenty of help and advice with all things related to classic cars.

Please get in touch through email (membership@sdccc.co.uk) or by phone on 01786 56 50 46 if you would like further information; speak to a Club Member; or simply attend one of the regular meetings -you'll be made welcome.

You can download a Membership Application form by [clicking here](#) .
